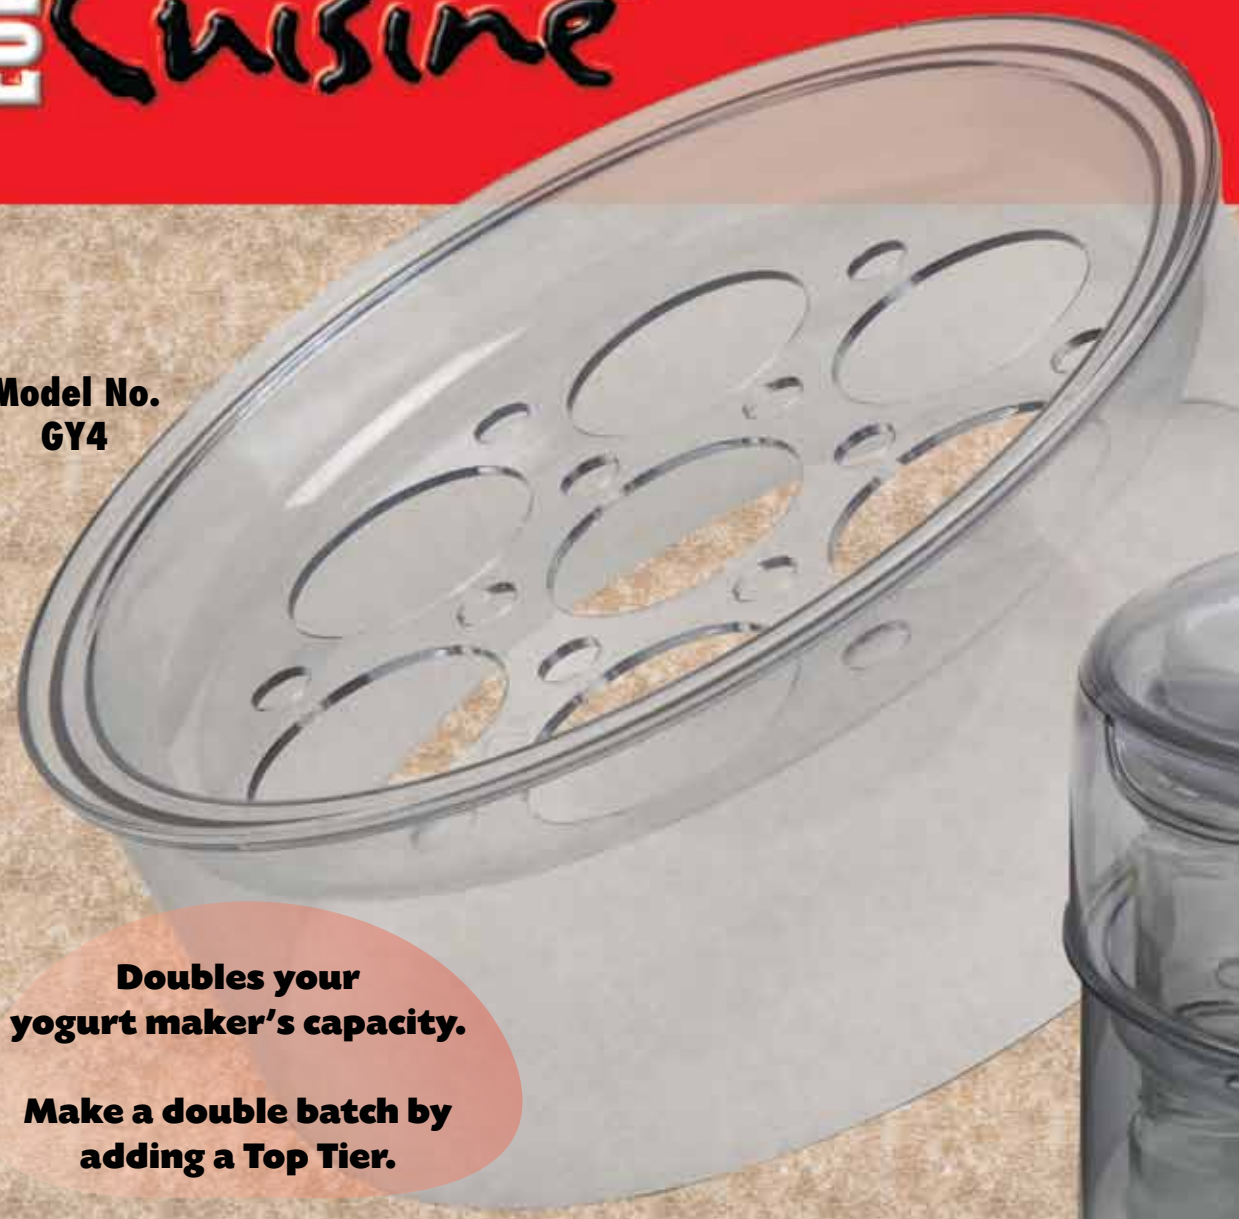
EURO Cuisine®

Model No.
GY4



Doubles your yogurt maker's capacity.

Make a double batch by adding a Top Tier.

TOP TIER

YMX650

Fits Most Euro-Cuisine Yogurt Makers
Make An Additional 7 Glass Jars Up To 14 Glass Jars In One Batch

Euro-Cuisine® has devised a way for you to add 7 additional glass jars to the already impressive 7 glass jars included with each yogurt maker. The possibilities become endless. You can make a batch of your favorite yogurt. Or, you can make several jars of multiple flavors.

Please add only one tier per unit as the temperature varies too widely by adding more. Yogurt Makers, extra glass jars, and yogurt making accessories are sold separately.
